Hi Gwen and John. We look forward to one or both of you joining this afternoon's meeting with DOJ reps. John, thank you for agreeing to reach out to Mike, Larry and possibly other DCROs whose programs are implicated by the claims to see if they can attend or send a rep. Attached is the complaint and the agenda with the MCI connection info. We've taken the one proposed by DOJ and somewhat modified it. Thanks.

**Ex. 6 - Personal Privacy**

**Subject:** Complaint under Title VI of the Civil Rights Act of 1964

Dear Administrator McCarthy and Ms. Golightly-Howell,

On March 7, 2014, the North Carolina Department of Environment and Natural Resources ("DENR") issued a general permit that allows industrial swine facilities in North Carolina to operate with grossly inadequate and outdated systems of controlling animal waste and little provision for government oversight, which has an unjustified disproportionate impact on the

basis of race and national origin against African Americans, Latinos, and Native Americans in violation of Title VI of the Civil Rights Act of 1964 and EPA's implementing regulations.

North Carolina Environmental Justice Network, Rural Empowerment Association for Community Help, and Waterkeeper Alliance, Inc. ("Complainants") hereby submit the attached complaint against DENR and request that EPA investigate the complaint and require that DENR come into compliance with the law.

As you may know, Complainants and other community members in eastern North Carolina have complained to DENR about the adverse effects of the swine industry on their health and environment for years, to no avail. Today, Complainants ask that EPA take action.

We will be forwarding exhibits by separate email and, also, sending hard copies overnight by Federal Express to each of your offices. Of course, please let us know if these materials raise any question. We would welcome the opportunity to discuss the complaint.

Sincerely,

Jocelyn D'Ambrosio and Marianne Engelman Lado

Mary – thank you for your email today! Here are responses to your 3/18 email:

In our federal NPDES permitting oversight role, EPA conducts program overviews. As part of the NPDES Permit Quality Review (PQR) process EPA assesses whether NPDES permits are developed in a manner that is consistent with applicable requirements in the Clean Water Act (CWA) and environmental regulations. During each PQR, EPA reviews a representative sample of states' NPDES permits and evaluates permit language, fact sheets, calculations, and any supporting documents in the permit files. Region 4 is finalizing the PQR Report for the State of NC, but we did not include the CAFO program as part of the review.

Sam Sampath was aware of a CAFO program summary compiled by EPA HQ and has provided the attached drafts for each of the Region 4 states.

Andrea & Naima-

We just saw this report from R3's water program about a review it did of PA's animal agriculture regulations and programs.

The intro to this report makes it sound like reviews generally are something that EPA has the authority to do, but they don't usually focus exclusively on animal agriculture regulations and programs.

Just wondering if R4's water program has ever done a review of NC's regulations and programs? If so, can we get copies of them.

Also, any chance you all have done a review specific to NC's or any other state's animal agriculture regulations and programs? We'd be interested in those as well.

Thanks, Mary

**Subject:** REACH CASE - SUSPENSION OF INVESTIGATION PENDING ADR -- FOR REGIONAL REVIEW/INPUT

Hi Ken, hope you and our Region 4 colleagues are well! Consistent with the collaborative efforts described in the CRM and which we all had the opportunity to discuss with DCROs recently, we will be sharing key documents (and other information at key decision stages) with our DCRO partners for input. (This is our first time actually implementing this as a “process” per the CRM.)

These letters attached are the letters to DENR and to the REACH folks letting them know “officially” that we have suspended our investigation pending ADR in this case. Fact is that they are overdue and, as you know, we suspended our investigation a few months ago when the parties agreed to mediation. For a number of reasons, these have been delayed in issuing, but we still do need to issue them for the record. This will of course come as no surprise to the parties. ☺

We plan to issue the letters by Tuesday morning, 12/15. We would really appreciate it if you could let us know if you have any comments/questions before then. Otherwise, we will issue the letters.

Thanks very much for your help! Lilian

**Subject:** RE: REACH CASE - SUSPENSION OF INVESTIGATION PENDING ADR -- FOR REGIONAL REVIEW/INPUT

Ken:

My only comment for both letters is that NC DENR is now called North Carolina Department of Environmental Quality (or NC DEQ). OCR will probably want to correct those references.

Thanks

Nancy

Naima, Kim, or Nancy,

Any comments for OCR on these letters?

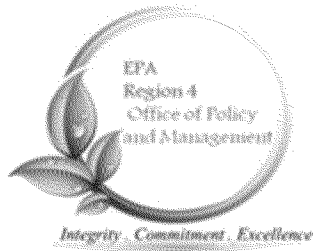

Thanks--Ken

**Subject:** REACH CASE - SUSPENSION OF INVESTIGATION PENDING ADR -- FOR REGIONAL REVIEW/INPUT

Hi Ken, hope you and our Region 4 colleagues are well! Consistent with the collaborative efforts described in the CRM and which we all had the opportunity to discuss with DCROs recently, we will be sharing key documents (and other information at key decision stages) with our DCRO partners for input. (This is our first time actually implementing this as a “process” per the CRM.)

These letters attached are the letters to DENR and to the REACH folks letting them know “officially” that we have suspended our investigation pending ADR in this case. Fact is that they are overdue and, as you know, we suspended our investigation a few months ago when the parties agreed to mediation. For a number of reasons, these have been delayed in issuing, but we still do need to issue them for the record. This will of course come as no surprise to the parties. ☺

We plan to issue the letters by Tuesday morning, 12/15. We would really appreciate it if you could let us know if you have any comments/questions before then. Otherwise, we will issue the letters.
